## The City of Durgapur

Durgapur is a city in the state of West Bengal, India, located about 180 KMs west of Kolkata, in the district of Paschim Bardhaman. The National Institute of Technology Durgapur (formerly known as Durgapur Regional Engineering College [REC]) is an institute of national importance, and it is one of the most prominent seats of higher education, under the Ministry of Human Resource Development, Government of India.

## ORSI Durgapur Chapter

The Operational Research Society of India (ORSI) was founded in 1957. ORSI has sixteen chapters. Head quarter of the society is located in Kolkata. ORSI Durgapur is a very active chapter since the 1970s, started by a group of enthusiasts from the industrial engineering department of DSP, PCBL and NPTI. There are more than 55 members in this chapter presently. Many seminars, conferences, workshops, etc. are organized by this chapter round the year.

## Brief Theme of the Programme

In present scenario of global competition, Consumers are fully conscious about the performance of real-life systems like transport system, telecommunication system, power system etc. Therefore, system reliability optimization has developed

gradually with the advancement of science and becomes an emerging field of research.

Recent time industrial goal is to make Maximum profit out of minimum invest in the least possible time. This has been resulted in a new field of optimization – assignment problem. It is a widely studied and most popular problem in combinational optimization. So, discussion on assignment problem highlights an important area of optimization.
